

Request to add an Authorised Viewer

QSL Direct is the new online grower portal that will be used by Wilmar Sugar Growers who have elected QSL for their sugar marketing and pricing services. As an Authorised Viewer to the account, you will be able to **view but not change** information pertaining to that Grower's pricing with QSL, including:

- The sugar tonnage they have nominated to QSL for each season
- Their sugar pricing nominations, including allocations to QSL-managed pools and grower-managed pricing products.
- Pricing order information, including details of current, achieved and cancelled orders
- Statements for payments made by QSL to the Grower

We require a mobile phone and an email address in order to add you as an Authorised Viewer. This is because when you log in to QSL Direct you will be sent a code to your mobile phone or email as a second layer of security once you enter your username and password.

A request to add an Authorised Viewer can be made by the Pricing Manager for the ABN or the GPA Signatory where these are different. This form is designed to be completed by the Pricing Manager. If you would like to request to add an Authorised Viewer and you are not the Pricing Manager, please contact QSL Direct on 1800 870 756 or qsldirect@qsl.com.au to request the correct form.

Section 1

QSL PORTAL AUTHORISED USER – AUTHORISED VIEWER
