

Queensland Sugar Limited

Work Health and Safety Policy

Application

This Policy applies to all Queensland Sugar Limited (QSL) employees and contractors and to any other person who is notified that this Policy applies to them.

Policy

At QSL we believe that *“Safety Starts With Me”*

We provide our workers with the highest level of protection that is reasonably practicable against harm to their health, safety and welfare from hazards and risks arising from QSL work activities.

We are committed to continuously measuring and improving our safety management system to meet not only our legal obligations but more importantly our changing work environment through consultation, review and learning.

We are all responsible for identifying hazards, assessing risks and taking action to maintain a safe and healthy work environment. The safety considerations we give to our workmates must be the same safety considerations we give to all workers, contractors, volunteers or visitors.

At QSL we promote active leadership in safety, health and wellbeing.

A handwritten signature in blue ink, appearing to read 'Greg Beashel', is positioned above the printed name and title.
